
MEMBRANE SWITCHES AND GRAPHIC OVERLAYS

- Membrane switches control the operation of a wide variety of equipment and add to the visual impact for a user in an attractive and easily understandable form. SILMOR provides membrane switch technical and visual design, as well as production. We use only branded, certified materials in our manufacturing.

- Graphic overlays are used in a wide variety of equipment and control panels. They provide technical and visual functionality and high abrasion resistance on a range of equipment types, including electronic equipment. SILMOR has a wide choice of materials and colours available.
